This is your opportunity to secure at a low price the finest reference work published in any language—invaluable for every member of your family, especially your children, and a handsome ornament in the drawing room or library besides.

This is the new Eleventh Edition which cost a million and a half for editorial preparation; line for line, page for page, the same as the Cambridge University issue which sells at from \$166 to \$250 per set—the only difference is the size of the type and the page.

And a single dollar paid now brings the complete work. Small monthly payments after that.

Sets are on view, in all bindings, in our bookstore. But at these low prices only for 5 days more, after to-day.
